INTRODUCTION

2023 Taiwan Service Tour sponsored by Taiwan International Youth Exchange Association (TIYEA). This is an exciting summer camp available to students. We hope the following information will answer some questions you may have and provide you the necessary information to start yourself on a life-changing cultural journey you will never forget.

Taiwan International Youth Exchange Association

Taiwan International Youth Exchange Association (TIYEA) is a non-profit organization. The objective of TIYEA is to develop young people's international field of vision and lead the international students to get to know Taiwan. The goal is to encourage high school students to broaden their views of what the world is all about and make opportunities to experience different cultures.

Purpose of Plan

Over a past decade, the Taiwan government has been encouraging high school students to broaden their views of what the world is and make opportunities to experience different cultures. Some high school students do make it abroad, but not every student or their families can afford to travel overseas. Therefore, we, the Taiwan International Youth Exchange Association, have deemed it more economically sound to invite a few students from the United States to come and join in a summer camp. The summer camp will provide an opportunity to Taiwanese high school students to experience western culture, enhance their English language skills, and make American friends without the excess need of traveling expenses. And also provide an opportunity to American students to experience a different culture and lifestyle, make friends with the students in Taiwan, and broaden their perspective of the world.

The Project Outline defines the following:

- Goals and objectives
- General information
- Application
- Candidate requirements
- Timeline

GOALS AND OBJECTIVES

Service Tour Goals and Objectives

The goals and objectives for this project will focus on implementing the following:

2011~2019 SUMMER CAMP

In the past 9 years, we invited 12-20 students to come and join our summer camp. The students who came enjoyed their days in Taiwan. They worked in different elementary schools and high schools. They had several service projects where they spent the days with Elementary and Junior High School students. They also made a study tour where they visited and taught in different high schools. They enjoyed the different culture, friendly people, unique food and fun places in Taiwan. All the memories will stay in their hearts for life.
